JULY & AUGUST ISSUES 1953

ISSUES 7 & 8 Vol.6

After an absence we find that Chas. Henry, W6EJA, has suddenly decided to retire as ye editor and pass along the job to us. Chas. has done a mighty fine job these past few years and as a usual detail, has had to ferret plenty of information from the gang each and every month when news and information has been so scarce here in the Bay area.

However, we will carry on and hope that the so-called regulars keep sending in the info on DX so that we may keep the DX'er rolling. W6AM, W6LW, W6GPB, W6TI and W6EJA have helped tremendously with notes and DX information of current value and their help is hereby acknowledged.

DX conditions do not show too many signs of great improvement for the next couple of years but there will be times when the Europeans will be coming through with an occasional rare one that we can snag so don't give up. Under poor conditions a G or SM may be considered pretty good DX.

Again, let us repeat a 'cheer' for W6EJA's fine work and the hopes that the gangs continued co-operation will enable us to get out a good DX'er each issue.

Dave

GEO. ENOS - "SUZIE Q" OR
WHICH TWIN HAS THE TONY?

First licensed in 1926, George has been at this DX bizness for better than a quarter of a century and still vows its the best hobby in the world.

The rig as viewed comprises a Collins 75A1 (recently acquired), a Meissner VFO and just visible on the right the real High Power final ending up in a pair of 812 at 450 Watts input. This rig hits two 8JK beams at right angles. It is hoped that this summer will see the addition of a 3 element 20 meter beam.

Incidentally the cats name is Lou Moi and for the uninited is a thoroughbred Siamese.

Of passing interest is the fact that George went berserk recently after a pure life on CW and hooked up a Bee Bee NBFM unit and contacted an LU..Ah me.

NEXT MONTHS PIX AND DESCRIPTION-W6BAX

From W6TI

At our next meeting, Thurs 13 August, we are going to have a good old DX spelling Bee with OM W6TI as the school marm. Two prizes will be given, one to the winner and one to the runner up. This should provide some fun and laughs for all.

KH6IJ

Wrote W6AM that the KH convention on Aug. 15th will not have the DX roundup as planned but that something else less elaborate will take it's place. Guess the club won't be able to send over a group then..HI.

JULY DX.

UG6KAA was in contact with the following: W3AXT, W6CUQ, W5LX and KV4AA. Dick sez the UG stated: All USSR club stations may now work the world and QSL's to go thru the old Box 88 address in Moscow. Lets hope this is true and that some of the gang can get qso's with zones 17, 18 aand 19 for that WAZ certificate.

Also mebbe some of us can get our QSL cards thru from some of rare USSR stuff we contacted just before the ban was laid on.

HERES HOPING..

Current 20 meter 'Hot' stuff

FOR SALE by W6LDD

Ed is still trying to peddle a couple of used but not misused 250 TH. Very reasonable.

Also a VM-4 modulation trans. which is brand new and never been in use. Anyone interested please contact W6LDD

CE0AA

Kind of old stuff right now but W6TI left the Elks club dinner to dash home, knock off Luis and then back to the BPOE for an evening's fun. What price DX??

PROMOTIONS.

W6RCC-Now CAPTAIN USAF(res)
W6LDD-Now MAJOR USAF(res)

W6LW

Roy finally snagged AC4NC July 19th at 1540-Name is CHAK and is a good one.

In fact during July Roy hit off the following new ones:
FM7WF, VK1BJ, AC4NC, CN2AO.

W7HXG

Our member now in Portland also contacted AC4NC on the same date as W6LW.

Odds and Ends gleaned from the DX Bulletin of the West Gulf DX Club- (Our W5 Friend

OY2Z is operating fone daily at 14150 kcs.

MP4ABW on fone 14100

If you should hear any DM2 stations on with 3 letter calls they will be East Germans.

More fone dope:

Italian Somaliland is now represented by the following stations operating on 14220 and signing I5US, I5GO and I5BC. Times given:1545 to 1600 CST. (We wonder how we are supposed to hear these guys at that time and freq.??? ED.)

EA2CA is planning a trip to Rio de Oro. No dope as yet.

The latest dope is that the BAN is off all Russian hams.

TI2TG passed along the word that W6UXX plans to be on Clipper ton Island but nothing concrete has been further heard.

ZD9AA will be on until April of 1954....

ZC2MWW is active 14177- was QSO with W4ZAE at 1054 CST.

MP4AJW is on in Qatar..Freq given: 14118 ---1130 CST

VK2EG will leave about Dec. of this year for an Island South of HEARD and will sign either VK1EG or possibly VK0EG. Has written the ARRL on the possibility of being a new country but as yet has received no word to that effect. However, he may count as Heard Isle if not too far away.

M1B was qso by VE3KF on freq of 14100 fone. Time 1615 CST.

Signal drifts pretty badly.

Look for SV0WG(Rhodes) on Sa Sats and Suns 1400-2000 GMT CW 14015 KCS.

Southern California DX Club

The following officers have been recently elected:

- President-W6RW
- V.Pres.--W6BXL
- Secty.--W6HFV
- Treas.-W6NZW
- Director-W6AOA
- Director-W6BUD

Still more fm W6LW.

- ZC3AA-14073-Not hrd(Probably in Texas)
- ZC6DU-ex G2DHU-7010-(Due soon)
- VQ1RO-Due 1-10th Sept.
- Also due to be at VQ8RO 10/20th Sept.
- VP4LZ-sez he needs PZ any Freq.
- UM8KAB-Hrd qso UAØKKB on 7 mc.

PAKISTAN QSL MANAGER

All cards now may be sent to the new QSL manager as follows:

- Amateur Radio AP2R
- Box 2002
- G.P.O.
- Karachi,
- PAKISTAN.

New Paging System.

Your Ed. had the occasion to call W6LW on the fone the other day and Mrs. LW answered the phone. Asked for Roy and immediately we began hearing the unmistakable sound (and loud too) of an old fashioned cowbell being rung in a vigorous manner. When Roy came to the phone we quizzed him on this and sure enough, when the XYL wants Roy when he is in the shack, the good old cow bell calls him in. Roy claims the QRM on the bans is so fierce he couldn't hear a normal buzzer anyways.

Info from our Danville Hermit
OM Roy...W6LW

VR1A-Chas-Tarawa-14076, back on air after a 5 month layoff..Roy reports him S8 in the middle of the day.

At Last.

KV4AA would like some dope for his CQ Editorials?? Heres a few Dick:

1. W stns clng zero beat on some choice DX

2. W stns working rare DX about 4 times, after the first QSO requesting stupid dope such as 'did you get my QSL yet?', thereby preventing a half a dozen new stns from contacting.

3. DX stations working W's on their own freq. They can control this so why don't they.

4. EA9DC lack of QSL'ing. Especially after accepting all that loot from all over the world, whyinell doesn't the guy at least send his log to some reputable W who would QSL for him.

5. A little more common sense operating by the DX station. Such as setting aside short periods of operation for not only various W districts but also other parts of the world.

(That OK for a starter Dick? W6PB)

Congrats to W6EJA and W6LW who finally sent in their cards for DXCC. They received #1745 and #1746 respectively with LW receiving stickers for 170 Conf.

Now if we can get the rest of the lads that have way over 100 confirmed to get off the dime and send in their cards we will show 100% DXCC membership.

Welcome to W6FOZ.

To our new member GREETINGS. W6TI reminds us that we shouldn't let that San Quentin address throw us. FOZ is there in an official capacity and NOT as an inmate.

KUWAIT.

Note from WØELA, via West Gulf bulletin that MP4KAI will return to that QTH in September.No Freq. given but it will be a.m. for contacts from this area.

FI8....

Licenseing arrangements are now being concluded so it looks like this one will be back on the air legit. The new call sign will be used which is: 3W8.

More fm W6LW.

Under the heading of useless dope: ZK2AA-14098-0400 daily- QSL via W6MUR-Bill sez he has 500 QSL crds to use up before he leaves Niue this coming November.

ZL3JA

Within the next year will be operating from TOKELAU using a ZM7 call. That would be good news for them as ain't got TOKELAU.
