VOL. XI. NO. L.

HI LITES OF THE DECEMBER MEETING--

The December meeting of the NCDX Club Inc. was held at the Ramor Oaks in Atherton, Calif., on December 13th a Friday meeting... Pres. W6CTL called the meeting to order at 9.00PM. There were 23 members in attendance.....

Two ARRL bulletins were read one dealing with re-issue on 50Mc. WAC, and the other with the announcement that Rodrigues Is. VQ8 would be counted as a new country February 1st, 1958. A letter from W6SIA thanked the club for the phone dx contest trophy..W6AM wrote that he would try and make a Thursday nite meeting to show his slides on his recent Asian trip.....

W6KEK reported that more two meter rigs are ready, but there were no takers....On the DX'er Frank reported that he needed station photos for the feature W6LTX has volunteered...An opinion was sought regarding the cards sent out for information, and the printing of the minutes, and most of those present thought it was a very good idea.....

Election of officers; W6CTL declined a second term, several were nominated, but in order to keep this paper non political, I will just give the results W6KG Pres. W6LTX Vice. Pres. W6GPB was re elected to the office of Sec. Treas.. and two Directors W6VE, and W6AGO were elected to office....

After a very FB round table the meeting was adjourned at 10:40PM

* * * * *

W6LTX sends along a note with his list, to the effect that he would like to have a list of countries needed. I know this is not a new idea, but believe that his reasoning is sound, in that he says, " I am very much in favor of a listing of countries needed, but I think we defeat the purpose by listing all countries needed to fill out to 270!!! Maybe if we listed at the most 10 countries each, and make them the ones we know are on, and we are trying to get at this time....for myself that would be ZB1, ZB2, CT2, CT3, EL1, VP3," Buck adds,"Also if the listing was put on a seperate tear sheet such as the CWH sheet we could have it on our desk, so we could consult it all the time".....Well gang S'up 2 U Ed. W6LTX also promises a picture, and story for the next issue of the DX'er.....

FRESNO FRESNO FRESNO FRESNO FRESNO FRESNO FRESNO FRESNO FRESNO ETC.
This row of FRESNO's is a not too subtle way of reminding all of you of the Fresno Shin dig coming up this January 18 & 19th... Some of the more important pretinent information follows.....

The following telegram was received by W6TI & W6TT...
HAPPY TO SAY BOB WHITE WILL ATTEND DX CONFERENCE MERRY
CHRISTMAS
BUDLONG

Apparently W6TI and some of the boys were convincing enough with Budlong to get Bob White out here, now it is up to us to make his trip worth while by all of us getting down to Fresno for the conference...I am sure it will pay off, as sure as I am that there isn't one of us that dosen't have at least one question that we would not like to have answered by WIWPO.....

* * * * *

Called the Santa Fe RR. the other day and got the following info on the transportation situation.....
Leave San Fran. 0745
Leave Oakland.. 0810 Arrive Fresno 1215 (Times P.S.T.)
Leave Fresno... 1246 Arrive Oakland 1650

THE TARIFF FOR THE ROUND TRIP \$9.85 FROM OAKLAND.....
* * * * *

There are rumblings from the south land of other equally important figures in the DX picture putting in an appearance at the meeting, but so far we have no confirmations, other than that of WIWPO....
* * * * *

By this time I am sure that most of you have received A card with a return card attached from W6LDD.. Please fill it out and return it to Ed., and get behind this project to the fullest extent possible...I realize that a good many of the fellows in this club are not contest minded, but if we continue to slide down the list as we have done in the past, in the eyes of the average ham, we may as well change the name of the club to the No. Calif. Radio Club.... As I have said before, if we don't make a showing in the next DX contest, it won't be Ed's fault.....

W6TT--Elvin sends us the following letter.....
Dear Elvin:
NNoticed several 1957 Sweepstakes logs that had the section check-off list "courtesy of Elmar Electronics" attached. I just got an idea on how we might possibly use the form along with others in the final SS report in QST... Can you send me two or three blank forms?

DE W6MX--RE. Antarctica.

Re the Antarctic question, following from W1WPO-

"Yes, there has been some consideration given on the situation in Antarctica. In fact, it was given when the first Argentine stations started showing up in the Antarctic.....and the reason we can give credit on the LU and CE stations.....and all the rest for that matter is that there are no recognized boundaries or claims in the Antarctic. Once there are recognized boundaries, then we will be faced with the problem of only giving credit on those stations legally operating in a given territory."

WHH W6MX

Three new ones this month, but no progress on JTLAA or Zone 39. Just got to get up earlier in the mornings I guess, but its hard to do when I burn the midnite oil! Plenty of Roosians on 20 at night, but quite a few of their country divisions I have still to QSO.. Note what was said about the CQ & SS contests in the DX'er, and I agree it's time they both got together on their dates, and have them on seperate week ends... Expect to get one of the new Central Elect. 100Vs so as not to miss any of the choice SSB DX. Tnx to LDD for the Xmas card & say Ed, did you notice I won a Cert. in the DX Test. Dont look too closely at the score Hi. 73 Miles....

Bob relates a sad tale of woe; He was visited by W6LDD, and W6EVQ last week, and when he went to open the coil changing door to the findal to give Gene a peek, he found both 250th's dark, thinking he had a loose connection someplace, he let it go til the next day, but alas both fils. were open. He will be back in business as soon as BYB gets a pair of new Jugs up to him...Received QSL from JT1AA, and cards are on their way to W4KVX:...Managed two new ones with an assist from TXL-YK1AT via OK1MB, and the Roullette system...Making tentative plans for Fresno Conference, and is looking forward to seeing all the gang there.....

W6TI sends in a letter from YK1AT, and here are some excerpts from that letter;

I have the help of OK1MB but many OM's especially from W, are sending their QSL's directly with IRC and are asking for direct too even though most of my QSL were sent already via Beda...

YK1AT is sending now and future QSL to all stations in exchange of the first QSO only. (CW or PHONE). As I do not have a Call Book, sending direct is possible only after I get a QSL with address.. Those stations which are asking for a direct card have to ask for it in QSO. So I shall wait with the card until I get a card from them. The reclamation of my cards may be done after a delay of 6 weeks directly or via Beda...

As the QSL agenda is very big, I am asking too for direct sending by air of 2IRC for USA...

I hope that all the OM'S will realize what's the matter. If they want, I may send the QSL's for W6s via W6TI to shorten the way.

I hope that by doing so you will help not only me, but all the OM's who are interested in a new country.....

Best wishes to you, dear Horace and your family. Sincerely, your Czechoslovak friend, working for this time in Syria

Bohous.

The XYL floored me with a Brand spanking new 75A4 for Xmas, so at least if they are there I'll be able to hear em... it was the best kept secret ive never seen or heard of, every one was in on it but urs truly, needless to say I was more than pleasantly surprised.....
