Many of you, no doubt, saw the recent news release datelined Washington concerning, basically, the ARRL proposed incentive licensing program. Since some misunderstanding has arisen because of this article, the ARRL has attempted to rectify the situation by forwarding postcards explaining that nothing new was being proposed.

Along these lines, however, it now seems clear that the incentive licensing proposal will become law. In order not to be caught shorthanded at contest time perhaps it would be in the interest of the club for the membership to consider some sort of group instruction for those who will be interested in obtaining their extra class licenses (or proposed advanced class). Any Ideas?

Ed.

Well the cards have finally started coming through from Don Miller's operations on Minerva Reef, Maria Theresa, Heard Island, etc. Apparently they have held true to their promise to give everyone an even break by sending all cards at the same time.....all on September 30. The following is an excerpt from a letter sent to Bob White, W1WPO by Joe Reisert, WA6TGY:

". . . .As the end of September approaches, it becomes increasingly obvious that the Don Miller DXpedition is going to hold back QSL's from those who have not contributed \$25 or more.

Since two of these (1M4 and F08M) are new additions to the list, this is an obvious case of blackmailing all DXers on the Honor Roll. If they don't receive the QSLs in September they will slip two positions in December or be removed from the list entirely.

I respectfully submit that the ARRL shall accept the above mentioned confirmations for DXCC credit but shall not accept them for December Honor Roll credit. . . ."

I would like to join Joe in urging that the ARRL seriously consider allowing no credit for confirmations dealt with in this matter. Further, these situations exemplify what many have been saying for some time i.e., a long serious at the entire DXCC structure is overdue.

The Editor

From Joe Horvath, W6GPB, Award Manager, the following report:

"Since last reported the following certificates have been issued for our California Awards:

| | | | |
|-------------|--------------|-------------|--------------|
| #84---Y08CF | #85---PY5ASN | #86---Y03RF | #87---4U1ITU |
| #88---UWØIX | #89---KR6BQ | #90---ZL1HW | #91---SP8MJ |
| #92---VR2EH | #93---SP6PZ | #94---DL3ZI | |

Congrats to all !

and from Gordon Evans, ZL1HW, this note:

. . . .I wish to thank you very much for the California Award which arrived in perfect condition.

Enclosed are details of three awards for members of the NCDXC.

Have worked about 9000 different W hams, and always glad to QSO with them. Good wishes to the club.

73, Gordon Evans, ZL1HW

SEPTEMBER, 1966, MEETING

The September meeting of the NCDXC was called to order by President Dave Baker, W6WX, at Taddy's in San Mateo. There were 36 present, among them guests WA6IVN, W6HSA, WB6KIG, WA6UFW, W6QAJ and K5DCO.

The minutes of the August meeting were read and approved as corrected. The Treasurer's report was:

| | |
|-------------------|--------------|
| Bank balance..... | \$556.40 |
| Petty cash..... | <u>39.73</u> |
| Total -- | \$596.13 |

The need for more club QSL cards was presented. The Secretary was authorized to order 25,000 through W6WB.

A letter was read concerning a foreign amateur's request for monetary assistance in the purchase of a mechanical or crystal filter. The NCDXC members voted not to enter into such activities, since it would tend to establish a dangerous precedent.

Our sterling Red Team Leader, W6CUF, chided our absent Blue Team Leader, W6BHY, for tarnishing in the face of heated competition forthcoming in the CQ Test. Why else did he run away when the teams were announced? Blue Team members in attendance remained silent -- whether with trepidation or smugness could not be determined. Time will tell.

A motion by John Fogg, W6VVR, to change the two-meter net frequency was discussed then tabled.

First reading was given to the membership application of WA6UFW. The second reading on WA6IVN was postponed for affirmation of his 100 or more confirmed list.

It was suggested that, following the publication in the October DX'er of the current membership list, all new members be listed as they are voted into the club. Although not in the form of a motion, this suggestion appeared to meet with general approval.

W6ERS reported on the Western Washington DX Convention.

W6CUF moved that NCDXC may list as a club affiliation for members who wish to submit their sweepstakes scores in this fashion. Seconded by K6OHJ, the motion was passed. It was made clear that this is not intended as a concerted club effort. It is simply that NCDXC members who wish to participate in sweepstakes activity may list the club for club scoring purposes.

With specific reference to an unsigned editorial in the August DX'er, W6PQW brought up the subject of clearly noting that such comments are editorials and not the official club position. After considerable discussion, it was agreed that future editorials should be clearly indicated as such.

After the roundtable, the meeting was adjourned at 11:00 p.m..

Respectfully submitted,

Lee Shaklee, W6PQW
Secty-Treas.

Dave, W6WX, summed up the month with the following comment. " Conditions have seemed spotty this month. Some good DX coming through on 7mc both early mornings and late evenings. Occasional long path openings in early mornings on 14mc. "
