CHANGE OF CALL

Received a letter from John R. Beck who had the call of W6MHB. He informed us that he no longer has the call of W6MHB, but now has the call of K4LJV. He was on in the last contest using the call of VP2A. He hopes to be on in the ARRL test using the same call if can get permission. Will be operating on six bands and hopes to work all the club members he can.

DX'ER AWARD COMMITTEE

BEAT YOURSELF

For years there has been a hue and cry to beat the Southern Calif. DX Club. Club members have been enjoined, cajoled, urged and begged to beat "them guys" from down South. On one occasion we were reminded of our "lassitude" and other descriptive epithets in a last minute attempt to motivate the NCDXC toward a supreme effort to beat the SCDXC.

Not with standing the "hard core" element who represent the minimal organized team effort the majority of NCDXC members pursue DX and DX competition on an individual basis. DXers, as individuals, are primarily motivated to work dx, work a new country, work a new zone, work 5BDXCC and to accomplish a host of other DX oriented achievements.

Since we are motivated toward achieving individual objectives, we should, as individuals, establish realistic and attainable goals for each contest we work. If you made 150,000 points in the last contest, why not, set a new goal for 200,000 points. Beat Yourself. If you worked 20 hours in the last contest, why not set a new goal of 25 hours. Beat Yourself. If you worked the last contest on three bands, try four bands next time. Beat Yourself. Establish goals, achieve these goals. If we as individuals can do this and succeed. Who Knows? Collectively we might-- just might-- beat the SCDXC.

MORE ON HONESTY

I am completely bewildered by one point made by WA6IVN in his honesty and integrity report. In the past seven years which I have been a member of the NGDXC, there has only been one individual accused publicly or privately of padding his log during a contest. Most of us know who this individual was.

Some of us spend a lot of time and hard work on improving antenna systems, station performance and operating techniques in an attempt to win contests. There is no end to the effort spent on contest oriented stations.

We are living in a very competitive era and I believe those who cannot compete and feel they have done a good job without accusing others of cheating should find a hobby which they can be competitive in.

Sincerely
Don McClellan K6EBB

SPORTS & BOAT SHOW

If any of you are planning to go to the San Francisco Sports and Boat Show, Wes WB6UJO, has a number of reduced rate tickets for this show. He will be glad to give them to any of the Club members who would like them. Just send a SASE to Wes and let him know how many and he will ship them right out to you. Don't forget, send him an SASE.
