

The DXer

JUNE 1980

VOL. XXXIV

NR. 6

PLACE: BLUE DOLPHIN at the foot of Marina Blvd., San Leandro
DATE: FRIDAY, 13 June 1980
TIME: Cocktails --- 6:30 P.M. 7:30 P.M. --- Dinner is served!!!
MENU: Ham (Not a jammer, just the four-legged variety) \$11.00 total.
PROGRAM: Something for everyone. Election of officers for the upcoming year and a talk by Lloyd and Iris Colvin on one of the recent hurricanes in the Caribbean and the involvement of ham radio.

WHATCHA MISSED

The May meeting was held on May 9, 1980 at Dinah's Shack. The president noted that the next meeting was to include election of officers and that a committee had been appointed to make nominations, and that nominations would still be open from the floor. So, come prepared!

K6SSJ reported on the status of the new club application form. The new form will require additional information, such as date of birth, spouse's name, children, etc. There was a question raised as to the legality of including such questions on the form, but K6XN, Ted Park, who is a lawyer, said there would be no liabilities for a social club, which we presumably are. He said he would investigate further if desired. K6SSJ wants to make some minor corrections to the form before presenting it for approval.

David Stockham, W6NPY, was voted into full membership.

First readings were given for Gordon Girton, W6NLG, Sakae Muto, JA1MZM/KI6P, Bill Zachman, W6TPH, and Lars Berg, SMØCCM.

Len Cutler, WD6CMT has upgraded to full membership status. Congratulations!

K6SSJ was voted chairman for the 1981 DX Convention. He discussed some of the problems in finding a place large enough for the convention, and the timing of the event next year, with Dayton and Easter being possible conflicts.

Our speaker of the evening was Joe Merdler, N6AHU, president of the Personal Communications Foundation, and V.P. of the SCDXC. He is a lawyer and has been very active in attempting to eliminate the malicious interference that has plagued the southern part of the state. No doubt many of heard of the events he described where some of the offenders have been arrested. He told of the methods used, the main one being good public relations, particularly with the local politicians in one's area. Hams are voters, just like everyone else, but they also perform useful services to their communities for free. When congressmen know this, they are more likely to help when we ask them to. It may seem like common sense, but it takes people like Joe to bring it about.

LAST MEETING (continued)

K6DC suggested the club establish a plan and procedures to be used in the event of an emergency. The president requested the Repeater Committee study this and make recommendations.

One last note. We were saddened to learn that Al Clark, W6LP, a long time member of the club passed away April 18th. Ted Davis requested a minute of silence in his memory. We will miss him.

ANNOUNCEMENT: - Joe Weite, KH6GDR, and the Hawaiian DX Club along with several of us in the NCDXC have been talking about a meeting in Hawaii. This would be for a long week-end or an entire week, depending upon your preference. Quite a few DXers in the Southern as well as Northern DX Clubs have expressed interest. From my own point of view, I would prefer to leave on a Friday and be back on the following Monday, since my time away from work cannot be too long. It could probably be stretched from departure on Friday a.m. with return on Monday evening if such flights are available. For those wanting to stay a little longer there is no reason why they could not remain for the entire week (or two) if they wished.

Anyway, the Hawaii boys are quite interested and if we could get a group together of say 20 to 30 people we can probably obtain a good rate and reasonable accommodations on the Island. Joe is planning on a Luau one of the days and perhaps a deep sea fishing trip for the group. A number of possibilities exist and we would meet with the DX gang from the islands for the Luau etc.

If you have an interest please let me know what dates you can get away. i.e. July, August, September etc. Tie it down as close as you can and if everyone can get together we might just be able to have a mini-dx convention in the 50th State. Please contact me ASAP so that we can formulate some plans for this meeting. K6SSJ.

Enclosed please find a blank countries list that I would like to publish in the DX'er. The primary purpose of this list is for members of the club to fill in and send to me with a large SASE. I will enter the data into my database and return a print-out of the countries needed and also a list of all the data available to date ordered by country. This can put together in one place all of the various lists floating around among members for those countries falling into the category of 'call me if you hear a...'.

The second purpose of the list is to gather the statistics of countries needed by the club members. This might be useful in encouraging DXpeditions - I hope I'm not the only one who didn't work Kingman.

At least we will know who wants some of this garden variety stuff and will call it out on the repeater. I tested the program out on my own data so really the subtle purpose of the whole exercise is to have as many people as possible looking for what I need, hi..

Regards,
Dave N6AUS

The Beautiful AIRPORT HOLIDAY INN in Visalia, California will be the scene of the 1981 INTERNATIONAL DX CONVENTION. The dates are May 1st, 2nd and 3rd (Friday, Sat. & Sunday). This seemed to be the most appropriate dates since the week-end prior to the Dayton Hamvention is Easter week-end in 1981. Having our convention just prior to or just after Dayton may likely bring more of the overseas DXers out of the woodwork to attend our little get-together, although the West Coast DX Convention is probably the best DX Convention held anywhere in the World. The facilities at this particular Holiday Inn are simply outstanding. The banquet room will seat 1100 people at one time and there is a large but quiet cocktail lounge in the same building (no loud disco music spot where one needs earmuffs to keep out the high audio db's.) There is an outside swimming pool and a large "Pit Style Barbeque" which we may consider for a Santa Maria Barbeque type affair, or a Hawaiian Luau, depending upon the wishes of the group. Of all of the places we have checked this is by far the best for accommodations between L. A. and the Bay Area. Start your planing now for this yearly event.

A committee will be needed for the DX Convention in 1981 and we will need chairmen for the following positions: Prizes, Publicity, Social Activities, DX and Contest Forums and a number of other events that we haven't even invented as yet. Please let me know if you would like to participate.

73 - Bob Thompson - K6SSJ

In monitoring the NCDXC Repeater over the past several months, I have heard numerous stations checking in for various information and many are not on the Club Roster. Some of these non-members use the repeater much more than our older members. We recently abolished the Associate Membership because the Club was growing at too fast a rate and yet it appears that we are permitting a number of non-members to flagrantly use WR6ACZ. It is my opinion that we should not encourage the use of the Club's Repeater by non-members. Many of the present members listened to WR6ACZ for DX information and worked the required number of countries prior to obtaining their membership in the Club and there is no objection to this at all, however, if we are to have a closed repeater for members only then we should do a little policing and politely request the non-members to refrain from using our facilities until they are full members of the Club. I realize that this is a difficult situation to control but we do have the rule that this is a closed repeater and we should do our best to discourage outsiders from using it until they do become Club members in good standing. A number of new calls are showing up monthly and I feel that we should do our best to keep the repeater free for those who are genuine bona-fide members. If we are unable to control it any other way the Club should consider Sub-Tone access to the repeater for members only. I know that a lot of the newer members to the club will disagree with me on this matter, however, if the NCDXC is to maintain its status as the No. 1 DX Club in the World then we should stick to the rules as laid down by the Club.

Respectfully, K6SSJ.
