TRISTAN de CUNHA ZD9BE scheduled for June 1 at 1500GMT on long path on twenty. Jim, ZD8Z, handling the arrangements again. Around 14260kc.

BURUNDI 9U5CR still showing up frequently between 21250 and 21300 or slightly above around 1900GMT. Handle is Bob. QSL to Bx 1322, Bujumbura, Burundi. Many of these lesser known countries sometimes difficult to identify by mail handlers when just country shown. It does not hurt to add additional information such as Central Africa for Burundi or West Africa for Rio Muni. The QSL information for 9U5SK--which did not print good in 3-68 is: K. Schillebeecks, B.P. 1358, Bujumbura, Burundi, Central Africa. Another station on from Burundi is 9U5SE, usually above 21300.

PIRATE The XZ2AH heard a few months ago...weak signal and peculiar beam heading... has been labeled a phoney by the holder of the call. Also reports no legit Burma operation since 1964. (W5LZZ)

IWO JIMA Don, the present operator on the island will be leaving in a month from IWO JIMA. Presently Don has a daily schedule with W7IOS on 21405 around 0100GMT and also with W8AZB Mon, Wed, Fri at 1415GMT at 14300. QSL to USCG, APO San Francisco 96415.

RIO MUNI EA0AH, Jose, reported almost daily at 21275 at 2045GMT. QSL to CBA.

MORE ALBANIA RUMORS PY2PE reports that ZA1SB has been active and may be legit. He has been reported on 14160 and 14190SSB but was QRT briefly for a license infraction. (Working W6s???) Also W6ED reports hearing stations working a Z1ST on 14050 c.w. (SCDXC)

HAITI HH9DL, Don, on 21334 at 0230 May 18th. Has been on during other summers from Cap Hatien working both 15 and 20 meters.
