EAST PAKISTAN W4UDF is reported to be on the air signing AP2DI. Frequency and time mentioned is 21305kc at 1700Z. However, it would be advisable to watch for Don when conditions are right for Indian Ocean. (K6OZL)

SYRIA YK1AA, Yasheed, has been coming through on twenty, being on 14201kc at 1430Z last Thursday. Indicated operation will also be on Fridays at 0330 to 0430z around 14213kc. LP as well as SP should be checked.

SAKHALIN IS. UZØEA in a new prefix being heard from Sakhalin Is. Also a new prefix out of Russia is LJØAH being heard from the UA6 area. This special call should be watched for in the WAE contest.

CORSICA F9UC/FC was working into 6-land last week at 14216 at 0045Z. Also reported is F2WS/FC heard both at 14262kc and 14332kc on the YL-SSB System. An operation scheduled for the present week is GC5ALN/FC. His home call is W6ZJA.

SUDAN The possibility of operations from ST2-land by ET3USA and ET3REL is still in the planning stages. From VE3ACD via K6KA comes a report that Dick and Bill are willing to go and will use ST2SA's call if he is agreeable. They will take their own gear for their operations but wish also to take an HW32 and possibly a beam to leave with ST2SA for future SSB operations. Presently ST2SA needs some 807s. VE3ACD and helpers recently supplied SSB to AP2MR and would appreciate some financial help to get the ST2-operation going, both for the DXpedition of ET3REL/ET3USA as well as to provide for some regular operations from the Sudan. Forward any assistance to M.J. Wolfson, VE3ACD, 305 Rosemary Road, Toronto. W5LEF will handle the QSLing for the ST2 operation when it comes off. (K6KA)

PACIFIC DXpedition Reports indicate that VE6AJT will leave by boat Sept 8th for the Pacific areas. Tentative operations are VR5 September 29th, 5W1 first week in October; ZM7 October 12-13 in VK/ZL test; VR1-British Phoenix during CQ contest Oct 26-27. Frequencies will be transceive for Ws on 14205kc, for DX stations at 14180kc, c.w. 14001-14010kc. (WB6THT & TDXS)

PELO One rumor, one denial. The rumor is of possible HKØ-Mapelo operation by HP1CC who operates a fishing vessel in the Gulf of Panama. No details. The denial is made by HK3RQ that he has no plans for any Malpelo operation.

TRISTAN de CUNHA ZD9BZ has been found at 14220kc around 1430Z and at 21265 at 1700Z. Also, ZD9BL, Butch, with a real strong signal around 21285kc around 1700Z.

TA3AR, 14028kc at 0400Z--QSL via WA7GQA. 9X5AA 14052 at 1400Z--QSL to W1YRC.

TNX: WB6THT, K6KQN, K6OZL, K6KA, W6HVN, W5LEF, W6TZD

73,

WA6AUD

WEST COAST DX BULLETIN Published every blooming week by the Marin County DXers. The objective is to make the West Coast the DX Capitol of the world. Corner the market. When those DX stations open up, let them hear nothing but 6s and 7s. We try to aim you in the right direction.....then you pulverize them. \$7.00 yearly.
