

CALENDAR

PALMYRA KP6AL for about five days starting around August 1st.
 MANIHiki ZK1AJ expecting to take rigs there around the first of August. Call not certain....may be ZK1MN.
 GUS CHAGOS this week.....possibly Aldabra next week. Needs funds to continue with another months operations planned.
 LIECHENSTEIN HP9AJH & Co.....should be on until August 1st. 80 thru 10m.
 ANDORRA WA3HRV and K1OTA at C31CX expected this week.
 ST. VINCENT VE3EWY expected at VP2S- this week....9Y4-Trinidad the week-end.
 PACIFIC NW DX CONVENTION Bayshore Inn, Vancouver, British Columbia..August 1-2nd.
 YO Contest 1800Z August 1st to 2400Z August 2nd.
 NEW HEBRIDES YJ8WP expected to open this weekend for three weeks....WA4LWX effort
 ALBANIA DL7FT still looking for an operation this Fall.

SUDAN The HW-100 was shipped to Sid on June 16th along with some extra items. The contributions got over the \$250.00 mark with the Long Island DX Club contributing a D104 microphone.
 Sid running out of the initial 700 QSL supply and hopeful of getting a new supply. Apparently foreign currency prohibited in Sudan and while IRCs meet the cost of some expenses, others such as custom charges present a problem.
 On his schedules, the best time seem to be 1800-2000Z for 21035kc and 0300-0400Z and 1300-1500Z for twenty meters. The frequency often used is 14021kc with 14040kc and 14075kc. On the latter frequency Sid is looking for General Class operators. Sid was planning to be at 14075kc at 1300-1500Z this last week-end, saying he would operate on July 27th. He was also reported as listening for calls at 14290kc at 0400Z on July 17th. Group working with Sid looking for a Heath HA-14 linear plus a rotor for the beam which was contributed.

SHORTLY NOTED That HH2G continues to show up on c.w. but like his brethern is good for nothing. 5U7AS expected to show up shortly. New amateur so may have some trouble with pile-ups initially. Has a Drake TR4/SB200 linear and expects to have a TH6-DX beam up shortly. W3MSK of the Potomac Valley power-house group is said to be now signing W3AU. All the slave labor on the bulletin back on the line....scars on both thumbs but handling squirrel cages very nicely. WB6UDC will be portable from KH6-Hawaii this week.. would like to hear someone answer his call. HP8C on from Contadora Island a week ago goest onto HPLAA for QSL purposes. YU3ZW says he knows nothing about that ZALC on around the turn of the month. The 4I2SO-Solta effort was operating from a monastery with a quad mounted on the tower. 9K2AM reported as aiming for a trip to YI-land but nothing certain as yet. For VE3EWY in the Caribbean look for him at 3515kc/0500Z. 7015-30kc/0000Z. At 14227kc/0300Z and 21300kc/2000-2300Z. QSLs for VP2LC go to VE3GCO. Reported that Wayne Green, W2PSD/1, may return to Jordan in November. QSLs for CTLLN go to WA3HUP while K9CUI has partial logs for ZS4JB...through December 1969. KH6BLF has repaired storm damage and is back in the DX Business. W6GLU moved back to Oahu from Molokai August 1st. FO0TB (Yacht ARIES) QSL go to W6OFF.

REPORTS FROM RED EYED LOUIE

In the evening he went forth for DX
 In the morning he did not return.

(Quotations from Sun Heung Heu)

4N2-- The 4N2CI action of a week ago was followed by 4N2SO last week. This is reported to be an operation from the YU-islands in the Adriatic to be followed by additional operations up to a total of around ten island operations. This week 4N2BR should be on until July 30th. Then should come 4N2HV to August 5th; 4N2KR to August 10th; 4N2KO to August 15th; 4N2LO to August 20th and 4N2ML to August 25th. Frequencies to watch are:

C.W. 3505kc, 7005kc, 14020kc; 21020kc and 28020kc.
SSB 3700 7095 14195 21295 28595

For QSLs, go to YU3NEG. For working four of the island operations, 7 IRCs will bring you a special certificate.

MADAGASCAR 5R8AS, Chet, on rather regularly at 0400Z Tuesdays, 14220kc with W6FQ the m.c. for a short list...about 15 calls. Sometimes will go to split frequency if the QRM gets too rough. Some possibility of Chet showing up on other nights but the Tuesday one is a regular schedule. He expects to leave Tananarive in December.

MARION ISLAND ZS2MI is reported to be shut down for the present with gear trouble and estimates that there will be no further action until around May of next year.

IRCS Some questions continue to arise over the acceptance of these in the U.S....or in other countries, for that matter. Technically, they are good in any foreign country though sometimes they are so infrequently encountered that a Post Office may not recognize them. Often a question arises over their use for domestic postage. Postal Regulations state: "These coupons are exchangeable in any other member county for a stamp representing the international postage on a single rate surface letter". This is what it says...the interpretation often the problem.

TNX to the Faithful Watchers of the Night including W2FXA, W2PDB, W4BA, W4HU, WB4JLO, W4OPM, K4KQ, W4UF, W5LZZ, W5RBO, WA5UHR, W6AM, K6AQV, W6BJI, K6EC, W6HVN, WB6IXC, K6KA, W6KHS, K6KII, W6KZS, K6LAE, W6MAR, K6MG, K6OZL, K6QX, K6QZ, W6TSC, WB6UDC, WB6UJO, W6VUW, WA6YVW, WB6ZUC, W8CT, K8RWL, W8SRK, WA8WAA, WA9VLI, W0IYP, KH6BZF, KH6GLU, DL7FT.

WEST COAST DX BULLETIN Published every week by the Marin County DX Group. One of the local QRPers heard the KM6DU/KH6-Kure calling CQ last week....jumped in real quick to beat the pile-up. No pile-up!! Son of a Gun. Ended up qualifying for DX-RCC with a half-hour QSO. Somewhat embarrassing. Erodes the image of the long suffering QRPer....who thrives on frustration. \$7.00 for an eroded, frustrated year.
