

# WEST COAST DX

## Bulletin

November 2, 1971

44-71

CAMBODIA The JA-DX Group were in Cambodia for the CQ Test this last week-end but at the time this weeks bulletin was closed off it was a bit early to gauge the success of the activity. In addition to JAKSO, JALCK was also reported as being in on the action plus possibly some locals.

Some **concerned was** being expressed on the talk of several DXpeditions to Cambodia to put XU on the air. Those in on the early action and the success of VE7IR/XU in getting activity started again have cautioned that the present situation there is delicate and a large number of visitors might cause the whole effort to tilt. It is frequently forgotten that there is a war going on in Cambodia and often there are hostilities right on the fringes of Phnom Penh. Within recent weeks the Prime Minister dissolved the Cambodian Parliament and is present ruling by fiat.

VE7IR returned to Cambodia on October 23rd and took a couple thousand XU1AA QSL cards with him. Presently there has been no decision on the handling of the QSLs though the JA-DX Group probably will handle their own cards.

XU1AA is located in a University Building and it does seem rather definite that the operating hours will be mainly 0100-1430Z or thereabouts. The station is also close to rooms occupied by one of the University officials and all-night action might not be encouraged.

As of last Friday, it has not been possible to determine if any W/K has worked the XU1AA station. Several have reported as hearing the station, no one has said they worked it. Perhaps last week-end changed matters a bit.

WEST AFRICA K4AEB will be heading for Africa this week and present plans call for some activity from 5T5=Mauretania this coming week-end, opening up on the seventh. There is also a possibility of his traveling on to FL8-land, FL8HM was discussing the possibility of some activity. Also in on the talking was 4W1 who was discussing a 4W1 license. Nothing definite though. Also, there seems to be no sign of DJ6QTs action in West Africa.

THE GAMBIA ZD3D is being found around 21405kc...plus or minus a few...on Tuesdays and Thursdays from 1730Z. This may be a schedule so listen a bit before jumping in and giving him the full treatment.

DARLENE Darlene showed up in the Canary Islands a week ago, operating from EA8GZ. She arrived there on October 23rd and planned to stay to the end of the month. On Oct 30th she was to go to Stockholm and then on to Germany. On November 13th she will leave for Liechtenstein where she will sign HBØXIC...probably until November 27th. She says to watch 2855000-28600kc; 21355-21360kc; 14195-14200kc and 14295kc. On November 20-21st she will be at 4U1ITU and at this time the Monaco plans are not solid.

QSLs Without predicting any more definite dates, let it be said that some people have received their 300 QSLs. Some great number have not as of Friday. Patience...they are surfacing. Also, some European stations have the ET3ZU/A QSLs...if you cannot be patience, try a prayer.

CALENDAR

CAMBODIA This country should be represented by XU1AA at least through November 5th HS3DR was due to continue after the JA-DX Activity.

CEUTA W5LZW and EA7DJ signing EA7DJ/EA9 from November 10th.

CARIBBEAN W9IGW and friend should open from FS7 this Wednesday ...

MAURETANIA K4AEB due to open from 5T5 on November 7th.

LIECHTENSTEIN HBØXIC from November 13th.

RSGB 7mc The annual 40-meter Test.....November 6-7th.

OK TEST Czechoslovakia Test....November 14th

CQ WW CW November 27-28th

SHORTLY NOTED

The 9I-Prefix being used by the stations in Zambia ended October 29th. Watch for a new prefix next October. CT1BH reported as scheduling CR9AK at 21235kc at 1230Z on Wednesdays. Courteous breakers often acknowledged and the action shifted to 21250kc or higher. FL8HM has been checking into the YL-SSB System at 14332kc...usually on or about 1930Z. CO2FA handling his own QSLs and apparently XE1AE no longer involved. Fernando away behind in filling out cards but says he will QSL 100% eventually. His problem is not being able to stay away from DX Contests. Sax of the mint stamp service says he is dropping the Czechoslovakia stamps...the OK-Government raising prices to the point where it would be 70¢ surface and \$1.35 for air. VP2LAM/FMØIX/8P6DM QSLs from W7VROs recent effort are being received. QSL route needed for YA2AG. Some XVs and 3W8s showing up in reports but Viet Nam still off limits. Some there on the scene are working on the problem. K4YCD was at the Georgia State Fair...QSLs via W4DQD. W6AM reports the full-KW mobile will be test flown on the Los Angeles Freeways in November....Don looking forward to some good c.w. freeway/mobile contacts. Late word was that JALKSO & Co. expected to stay active in Cambodia until November 6th.

FRESNO INTERNATIONAL DX MEETING Some of the big names in DX Activity in 1971 have been scheduled for the annual big DX Meeting at Fresno and these include:

Martti Laine....OH2BH      Fernando Poo, Annobon, etc  
Carl Fjell            SM5SB/ZA5Z etc  
Larry Pace            K2IXP      Norfolk/Willis and points east  
Darlene Souligny    WA6FSC/3B9DK/JY9DK/ etc, etc, etc.

The annual gathering of the big names in DXing will be at the Del Webb Towne House again and over the week-end of January 22/23rd, 1972. The action starts at noon on Saturday and runs until mid-day on Sunday.

Registration this year will be \$14.50 which includes the Saturday banquet and the Sunday morning DX breakfast. Also included is the 120 minute Happy Hour which gets things well oiled for the Saturday banquet. W6AOA is the General Chairman again this year.

The pre-registration prize is a Signal One/ CX7A. How's that for thinking big? Get your reservation in early. All the big names in DXing will be at this one. Start your planning now. Hotel reservations should be made direct to the Del Webb Towne House.

TNX to W1AM, W1WRC, W2FXA, WB2YQH, W3CDL, W4HU, W4OPM, WB4PUD, W4TUC, W5ALA, W5LZZ, W5PAQ, W5UBW, WA5ZNY, W6AM, W6APW, K6EC, W6EJJ, WA6FYC, K6GAK, WDX6GXV, K6KII, W6KYA, W6OL, W6ONZ, W6PNO, W6TSQ, K6UFT, W6VQD, K6WR, WB6YLG, W6YUS, WB6ZUC, W7FSE, W7TE, W7YTN, K8RWL, W9DDL, WØJRN, WØYDB, KH6BZF, HS5ABD.

WEST COAST DX BULLETIN Published every week by the Marin County DX Group. One of our local QRPers dropped in on the Old Timer recently, the QRPer showing up with his collar reversed. Seems like he had been ordained a minister...for \$15.00 cash...in a newly organized church. They talked for a bit on this development and the QRPer noted that if he could line up 25 new ministers he would be ordained a Bishop. The QRPer thought for awhile, and then said: "Say, I sure like the idea and that parchment would look nice on the wall....but what do you think of it. Doesn't it sound rather commercial?". The Old Timer scratched around a bit and finally asked: "How about those DXpeditions that you chucked in some heavy cash before they took off....insurance on a positive contact you said. How about those?". While the QRPer twirled his collar, the Old Timer went on: "Is it the feeling of accomplishment that you value or the outward trappings of the accomplishment. Are you looking for a short-cut to DXCC, the Honor Roll and to Heaven. Or are you erecting a facade to try to impress others?". Son of a Gun, what can one say to that. \$9.00 for a full year of directions on the road to DXCC or Heaven...\$10.50 brings it airmail.
